**Abstract**

In this presentation I will share my experiences as a web developer intern at Tiny Planet inc. Tiny Planet inc is a company dedicated to providing its clients with the very best in HR Services, identifying client's needs and make the appropriate recommendations. Management, Implementation, Hardware Set-up, Installation, Training and On-going Support. I will talk about my first assignments and the training that I got at the company, the current project that i am working on, the tools and technologies we have used for this particular project and my future assignments.
