**CSE 595 Independent Study Presentation**

**Date**

June 14, 2016

**Time**

02:00PM

**Place**

JB 359

**Title**

What is an operating system?

**Student**

Ahmed Abdellatif

**Advisor**

Dr. Gomez

**Abstract**

During my independent study, I focused on learning and understanding what an operating system is. Many people use computers yet, they don't understand what an operating system is or what it is made up of. In my presentation, I will reflect my knowledge obtained during my independent study to explain what an operating system is and how it works.
