CSE 482 Senior Project Presentation

Date

June 13, 2014

Time

2:00 PM

Place

JB-359

Title

Server Migration

Student

Maurice Njuguna

Advisor

Dr. David Turner

Abstract

I will be presenting the senior project I have been working on this quarter involving migrating the servers that are currently hosting the Admin and Finance Division here at CSUSB to the new server farm that the school has. I will be discussing the approach to the migration, steps involved, as well as the challenges faced during the entire process.
