Time

2:30pm - 3:00pm

Place

JBH 359

Title

Corona-Norco Unified School District IT Internship Presentation

Student

Cody Marsh

Advisor

Dr. E. Gomez

Abstract

To be apart of something like the IT department of a school district allows one to see exactly how necessary IT has become for schools. Experiencing that first hand is an eye-opening experience. I will be describing my time as an intern with the CNUSD's IT department and how it shaped how I think about the field of IT.
