Date

December 5, 2014

Time

11:30 – 11:45 AM

Place

JB359

Title

Web Developer: BST Realty

Student

Anthony Thap

Advisor

Dr. David Turner

Abstract

My presentation will be on my internship that I had with BST Realty, a realty firm based in Riverside, California. I will report on daily tasks that I had completed for their existing website. I will also describe the tasks and typical workday of being a web developer intern for this company. Along with my experiences I had as an intern, I will present some of the things I learned throughout my tenure there.
